Mr. Gary Richard, President
EZ-ID License Plate Program
1 Industrial Drive
Danvers, Massachusetts 01923

Dear Mr. Richard:

Arbella Insurance Group is proud to support Molly's Bill and the EZ-ID initiative. We believe that the EZ-ID system of incorporating easily recognizable symbols on license plates will enhance law enforcements efforts in the critical period after motor vehicle offenses. In addition, the EZ-ID system will increase vehicle identification in the event of hit and run accidents and could assist in insurance industry efforts to contain the costs of auto insurance.

Arbella is happy to add its name to the list of organizations that support this important cause.

Sincerely,

Gail Eagan
Senior Vice President &
General Counsel
