Vice President, MDAA

Mr. Gary Richard  
EZ-ID License Plate Program  
One Industrial Drive  
Danvers, MA 01923

**David F. Capeless**  
District Attorney  
Berkshire

Dear Mr. Richard:

**C. Samuel Sutter**  
District Attorney  
Bristol

Thank you for taking the time to meet with the District Attorneys today regarding your proposed EZ-ID License Plate Program (SB 1798). The District Attorneys are happy to add their names to the growing list of public safety agencies who support this initiative.

**Jonathan W. Blodgett**  
District Attorney  
Eastern

Across the state, our 720 prosecutors work every day to address motor vehicle-related offenses. We have no doubt that, if the Commonwealth were to implement EZ-ID, it would have a dramatic impact on getting impaired drivers off the road, identifying vehicles involved in crimes, and – most importantly – help with the rapid detection of vehicles involved in child abductions, where literally every second counts.

**Mark G. Mastroianni**  
District Attorney  
Western

**Gerard T. Leone, Jr.**  
District Attorney  
Middlesex

The eleven District Attorneys unanimously endorse your program, and offer our assistance in making your dream of easy and accurate license plate identification a reality in the Commonwealth.

**Michael W. Morrissey**  
District Attorney  
Norfolk

Very truly yours,

**David E. Sullivan**  
District Attorney  
Northwestern

**Timothy J. Cruz**  
District Attorney  
Plymouth
